Center praised

WORCESTER — **The NeighborWorks HomeOwnership Center** of Worcester, 674 Main St., was recognized yesterday for its success in using a state loan program to help low- and moderate-income first-time homebuyers. Officials from the **Massachusetts Housing Partnership** presented an award to the center, which last year helped 59 families use the program to purchase their first house. The SoftSecond program combines a first and second fixed-rate mortgage from a bank with a small state subsidy. The loan requires a 3 percent down payment and the completion of a first-time home buyer education workshop.

Kopin revenue

TAUNTON — **Kopin Corp.**, which makes displays for consumer and military electronics, said yesterday its first-quarter revenue fell 3 percent on lower sales of its III-V products. For the quarter ended March 31, revenue dropped to \$18.1 million compared to \$18.7 million in the first quarter of 2006. Sales of III-V integrated circuits dipped to \$9.1 million from \$12.8 million in the prior year's quarter. The company blamed "industry softness" for the decline. The company, which has operations in Westboro, said the results were preliminary since it is still restating its financial reports following a review of its stock option granting practices. Earlier this month, Kopin completed an internal investigation into its stock option grants and found that some of the 34 grant dates between 1995 and 2006 were dated incorrectly. Because of the error, the company said it will need to restate certain financial statements for those years, though it did not specify which ones. (Associated Press)

SatCon change

MARLBORO — **SatCon Technology Corp.** of Boston said **Jack Worthen** has resigned as president of **SatCon Electronics Inc.**, which is based in Marlboro. The company has appointed **Robert Gomeau** as the general manager of SatCon Electronics. Mr. Gomeau is currently director of operations for the electronics division.
